

Revised Standards and Model Curricula Targeted Professional Development

Standards & Model Curricula 101

Offered October through December

Curriculum Revision

Offered January through May

Over 500 evening workshops on understanding Ohio's revised standards and new model curricula have been scheduled for English language arts, mathematics, science and social studies. Content-specific Regional Content Facilitators have been trained by content specialists at the Ohio Department of Education to facilitate these meetings.

Registration for the meetings is available through STARS by searching Targeted Professional Development. ***Although the meetings will begin in October and continue through May of 2012, participants should sign up for only two: one in the time period from October through December (Standards and Model Curricula 101) and one from January through May (Curriculum Revision).***

Participants should download the materials needed for each meeting from the content-specific landing page on the ODE website after October 10. (Under the *Educators* tab, select *Academic Content Standards*, then select the content area from the menu on the left. Once on the content area landing page select *Targeted Professional Development Materials*). Contact hours will be awarded for attendance.

For more information concerning registration. contact lisa.simpson@ode.state.oh.us .
